

# Don't get caught in a tight squeeze – a confined space is a critical risk

**I**dentify – do you need to go in?

**A**ssess air quality

**M**anage – have a spotter and escape plan

## I AM safe

in a confined space

**TOGETHER,  
WE'LL  
BUILD  
SAFELY**

- 1 Height and depth
- 2 Confined spaces
- 3 Electricity
- 4 Existing services
- 5 Asbestos

- 6 Construction dust including silica
- 7 Excavations
- 8 Mobile plant & machinery
- 9 Traffic management

- 10 Hot works
- 11 Workplace violence
- 12 Lifting and slinging
- 13 Using power tools

**CANTERBURY  
SAFETY  
CHARTER**
