

# Health & Safety Practitioners Working Group

## Terms of Reference

---

### What is the purpose of the Health and Safety Practitioners Working Group?

The purpose of the Group is to:

- Bridge the gap between contractors, sub-contractors, clients and health and safety representatives.
- Facilitate and promote a mentoring programme.
- Share useful and relevant resources.
- Provide networking opportunities.

### Who is the Group targeting their support for?

The Group is primarily targeting support for small to medium organisations and contractors who may not otherwise have access to appropriate resources.

There is currently no other Health and Safety Practitioner support network, outside of unions.

### Why is it important to have a Health and Safety Practitioners Working Group?

- Being visible champions and proactively addressing issues.
- Assisting others to improve through developing or sharing material.
- Participating in events that showcase best practice.
- Providing clear pathways to existing information.

### What are the Group's values?

The Group's work, like all the work of the Charter, demonstrates Charter values, which are:

- Excellence
- Care
- Integrity
- Collaboration

### What does the Group not do?

The Group does not provide legal advice.

### How do I contact the Health & Safety Practitioners?
